\$431,080

Contribution Goal \$650,000

Percent of goal achieved 66%

Hi everyone – given that many members have been away for much of the summer **we have persuaded the Hocesars to extend their donation matching part of the program to the end of September.** The effect of doubling your donation impact on our funding progress is still in place for another four weeks!

Again, we will look to convert the donation pledges to cash in October, transact playing credit pledges in late spring and debenture pledges in July.

For your information, this will be the last weekly campaign update you will be emailed – from now on the campaign status will be shown visually on our webpage.

Myron Hocevar, VPA Board President
